A World Of Nations The
Oceans and seas cover over 7/10ths of our planet. To help provide a sound, scientific basis for decisions at the global level on the world's oceans and seas, and a framework for national and regional assessments and management decisions, the United Nations General Assembly set up in 2004 a regular process to review the environmental, economic and social aspects world’s oceans and seas ...

The terms First World, Second World, and Third World were originally used to divide the world's nations into three categories. The model did not emerge to its end state all at once. The complete overthrow of the pre–World War II status quo, known as the Cold War, left two superpowers (the United States and the Soviet Union) vying for ultimate global supremacy.
