### **American Dream In Of Mice**

The American Dream is a national ethos of the United States, the set of ideals (democracy, rights, liberty, opportunity and equality) in which freedom includes the opportunity for prosperity and success, as well as an upward social mobility for the family and children, achieved through hard work in a society with few barriers. In the definition of the American Dream by James Truslow Adams in ...

John Steinbeck's *Of Mice and Men*, published in 1937, is one of the author's most widely read novels, largely due to its ubiquitous presence in the high school curriculum. As a result, this mythic story of two opposites - the clever, wiry George Milton and the lumbering, powerful Lennie Small - has assumed an important place in the American literary canon.
