

Architect S Essentials Of Negotiation

Architect S Essentials Of Negotiation

The modern profession of architecture echoes with its origins, its rich history, and the fast-paced changes of the 21st century. Through antiquity, architecture and construction were united by the cultural intentions of a "Master Builder," who balanced art, science, materials, form, style and craft to achieve his vision. "The regulated profession of architecture is relatively new.

Welcome to the e-CF. The European e-Competence Framework (e-CF) provides a reference of 40 competences as applied at the Information and Communication Technology (ICT) workplace, using a common language for competences, skills, knowledge and proficiency levels that can be understood across Europe.

European e-Competence Framework

The article will give you glimpse over creating Web API projects and how to use POSTMAN for testing your web APIs. For this article, I will consider the same project I created in Content Negotiation and Postman for testing. The mechanism to map the service request and its input data to the correct action method and its parameters is known as Model Binding aka Parameter Binding.

Understanding Model Binding in ASP.NET Web API

This post will detail how to carry out SSL/TLS scans against your assets and how to interpret the output. It forms part of our series of guides that aim to help you prepare for a penetration test. This means that the SSL/TLS related low hanging fruit that would ordinarily be identified from a similar scan carried out by a third party pentesting company, can be carried out and issues remediated ...

Doing your own SSL/TLS testing | 4ARMED

Audubon Zoo’s African Lion Habitat expansion. Opening 2019. The Audubon Zoo has begun construction on a new habitat for African lions. The new exhibit will be a replica of an abandoned 1920’s-era train station and the design will offer panoramic views of the site along with places for up-close looks at the animals.
