We'll drink to this... James T. Kirk Straight Bourbon Whiskey is available today, courtesy of Silver Screen Bottling Company. In fact, the Kirk Whiskey will launch Silver Screen Bottling Company's new line of Star Trek-branded spirits. Captain Kirk is known for his bold spirit of adventure, and that’s precisely what the artisan, small-batch bourbon celebrates.

Long, straight & stable. LGL is an acronym for 'Lumber Glue Laminated' - a solid wood alternative to LVL beams. Straight, stable in outdoor environments and ideal in applications where nail-holding strength is an absolute priority.

The original recipe for Rebel Yell dates back to 1849, when it was invented at what would later become the Stitzel-Weller Distillery. Although many famous bourbons were produced at the Stitzel-Weller Distillery (including Pappy Van Winkle), most shared one unique characteristic pioneered by William Laurel Weller himself — instead of rye, the bourbons used wheat as a secondary grain in their ...

The full and complete scores may be found here, but I’ll be tracking the major results throughout the weekend and including them here as they come in, along with what you need to know for future NCAA purposes. (Verbally committed seniors are noted with their school and the year of their first competition season, not year of academic entry, because we don’t care about that book-lerning ...

USS Johnston (DD-557) was a World War II-era Fletcher-class destroyer in the service of the United States Navy. She was the first Navy ship named after Lieutenant John V. Johnston. The ship was most famous for her bold action in the Battle off Samar. The small "tincan" destroyer, armed with nothing larger than 5-inch (127 mm) guns and torpedoes, would lead the attack of a handful of light ships ...

Select boards that are straight. Tip: Pretend the board is an arrow on a bow and look down the length of the board to see if it is straight. Tip: For added character, select straight boards that are rustic in nature with imperfections, cracks and knots. To save time, have the lumber store cut your boards as directed in the cut list. Work on a clean, level surface large enough for the project ...
