Cctv Surveillance System Network Design Guide Moxa
Cctv Surveillance System Network Design
The first CCTV system was installed by Siemens AG at Test Stand VII in Peenemünde, Nazi Germany in 1942, for observing the launch of V-2 rockets. The noted German engineer Walter Bruch was responsible for the technological design and installation of the system. [not in citation given] In the U.S. the first commercial closed-circuit television system became available in 1949, called Vericon.

DIY vs. monitored security camera systems. Do-it-yourself (DIY) home security systems can be cost-effective and convenient with online portals and smart technology. But, keep a few facts in mind. Most DIY surveillance systems don't automatically connect 24/7 monitoring services to always keep you alert.
