Citing A Website In Paper
Citing A Website In Paper
Cite the website in the text. Directly after the sentence in which you reference the information from the website, put in a reference to your works cited page. Do not put a period at the end of the sentence (yet). Put your reference in parentheses. Start the parentheses one space away from your last word.

How to Cite a Website (with Sample Citations) - wikiHow
Citing an Author or Authors. In the reference list, use the name Anonymous as the author. Organization as an Author: If the author is an organization or a government agency, mention the organization in the signal phrase or in the parenthetical citation the first time you cite the source.

In-Text Citations (How to Cite Within your Paper) - APA ...
Guidelines for citing a website within a paper using MLA style: First comes the name of the author, right next to the left margin. The last name of the author should mandatorily precede the first name. Leaving a space after the author's name, the title of the webpage must be mentioned in double quotations.

How to Cite a Website in a Research Paper - eduzenith.com
