

## *Dozens Of Cousins*

### **Dozens Of Cousins**

At the end 2013 Rose Cousins reached a limit she didn't know existed. Fearing burnout after years of constant touring she made a deliberate decision, barring a select few shows, to stop touring and focus on other creative avenues.

Homo (Latin: homō, "human being") is the genus which emerged in the otherwise extinct genus Australopithecus that encompasses the extant species Homo sapiens (modern humans), plus several extinct species classified as either ancestral to or closely related to modern humans (depending on a species), most notably Homo erectus and Homo neanderthalensis. The genus is taken to emerge with the ...

The origins of Palestinians are complex and diverse. The region was not originally Arab – its Arabization was a consequence of the inclusion of Palestine within the rapidly expanding Arab Empire conquered by Arabian tribes and their local allies in the first millennium, most significantly during the Islamic conquest of Syria in the 7th century. . Palestine, then a Hellenized region ...

College rankings are kind of bullsh\*t. There, I said it. In recent years, the "higher education" community has become so preoccupied with the annual campus rankings that appear in publications such as U.S. News & World Report or World University Rankings that the satisfaction and development of students has ceased to be a priority. In fact, the "highered" industry often seems so ...
