Acupuncture is a form of alternative medicine and a key component of traditional Chinese medicine (TCM) in which thin needles are inserted into the body. Acupuncture is a pseudoscience because the theories and practices of TCM are not based on scientific knowledge. There is a range of acupuncture variants originating in different philosophies, and techniques vary depending on the country in ...

Erbium is a chemical element with the symbol Er and atomic number 68. A silvery-white solid metal when artificially isolated, natural erbium is always found in chemical combination with other elements. It is a lanthanide, a rare earth element, originally found in the gadolinite mine in Ytterby in Sweden, from which it got its name.. Erbium's principal uses involve its pink-colored Er 3+ ions ...

"I thinks the world of Web development is becoming easier and easier but it's also making it harder for guys like me to find work because so many people want to use out-of-the-box responsive layout sites that are easy to implement and launch. I personally would much rather make a site from scratch than use a template.
