Interlocking Basins of a Globe is a fascinating new study of the first Caribbean writer to win the Nobel Prize for Literature, Derek Walcott. The essays range from critical discussion of Walcott's earliest poetry in *Twenty-Five Poems* (1948) to his most recent collections exploring the approach of old age, *The Prodigal* (Faber, 2006) and *White Egrets* (Faber, 2011).

As a globe is a miniature representation of the earth, the parts of the globe include landforms and water. Globes usually also include country and state boundaries, the earth's poles, as well as many lines that mark latitude and longitude, which are valuable for navigating from one place to another.
