Raspberry Pi (Zero): a computer about half the size of a credit card and the brains behind a lot of our robot, sound, and light creations.. Poi: a small light ball of woven flax, swung rhythmically on the end of a string in Maori songs and dances. Combine the two and you get a spinning light show that uses persistence of vision to display images in thin air.

### **Rant Creations | A home to fine art, technology, and ...**

As you can see I put all kinds of chores on there. I went through my cleaning routines in my house and wrote down all the chores that we do. I didn't include things like: "get dressed" "brush teeth" "play nicely" because those things are to be expected of my family members, but you can always add those to yours for your little ones.

The one and only sure way of healing eczema, is by abstaining from contacting the allergen/s. If you continue to contact the allergen you can eventually develop a horrible condition called "Chronic Eczema", which will run it's course (sometimes for years) even when you finally do remove the allergen from your skin!
