

## *Living With Autism Living With Health Challenges*

### **Living With Autism Living With**

The uniqueness of each person with autism makes the experience of living with autism different for each family. This section offers resources, information, services and community connections.

### **Living with Autism - Autism Society**

Welcome!. Living Well With Autism is an online resource that provides parents and caregivers with ideas, and free or inexpensive resources for living well with autism.. Here, you will find social stories, visual helpers, tips, and recommended resources. Contact Mary

### **Living Well With Autism - Home**

Ensuring quality of life for a loved one with autism requires a care plan with a sound legal and financial foundation. The purpose of a special needs estate plan is to ensure the economic security and ongoing well-being of your family member, even when you're no longer able to assume that responsibility.

### **Future Planning - Autism Society**

Are you an adult living in Derbyshire County who is affected by an Autism Spectrum Condition (ASC)? If so, Living Well with Autism can offer a range of free support to you and your family or carer.

### **Living Well with Autism - Home**

A Closer Look at the Independent Living Protocol. AFLS is the highest quality most versatile assessment system available that offers learners a pathway to independence regardless of what skills they possess.

### **Independent Living - Functional Living Skills**

Life-Changing Programs and Services. We're proud to offer a variety of life-changing programs at our 71 locations that help people with disabilities, seniors, veterans, and caregivers live, learn, work, and play in their communities.

### **Easterseals | What Is Autism?**

Autism After Age 21. What happens when my child is no longer in school? Where will he live when he no longer wants to live with me? What is going to happen to my child when I'm no longer around, or able to care for him?

### **Easterseals | Autism After Age 21**

We estimate that around 55,000 Victorians are on the autism spectrum, and around 250,000 Australians have the condition – although possibly undiagnosed.
