Macquarie Atlas Of Indigenous Australia Culture And Society Through Space And Time
Macquarie Atlas Of Indigenous Australia
The State Library holds many mapping resources that illustrate the Language Groups and Tribal Boundaries of Aboriginal Australia. These maps can be helpful in understanding the relationships to land observed by different groups, and can be useful for identifying the provenance of cultural material.

Remote Indigenous communities aren't just places to live - they are also crucial for supporting ranger programs and other projects that protect the environment in areas that might otherwise go ...

Remote Indigenous communities are vital for our fragile ...
Australia, officially the Commonwealth of Australia, is a sovereign country comprising the mainland of the Australian continent, the island of Tasmania and numerous smaller islands. It is the largest country in Oceania and the world's sixth-largest country by total area. The neighbouring countries are Papua New Guinea, Indonesia and East Timor to the north; the Solomon Islands and Vanuatu to the ...

Types. Most lakes in Australia fall within one of five categories. Excluding lakes created by man-made dams for water storage and other purposes, one can identify the following: coastal lakes and lagoons including perched lakes;; natural freshwater inland lakes, often ephemeral and some part of wetland or swamp areas;; the Main Range containing mainland Australia's five glacial lakes.

We recently considered the decision in Santos Limited v BNP Paribas [2019] QCA 11, that a failure to include the words of a particular form rendered a call on a bank guarantee invalid. At the time, we suggested that “parties would be wise to consider the risk that such a principle may be extended to documents to which they are a party”. In JPA Finance Pty Ltd v Gordon Nominees Pty Ltd, the ...
