Care Ethics. The moral theory known as “ the ethics of care” implies that there is moral significance in the fundamental elements of relationships and dependencies in human life. Normatively, care ethics seeks to maintain relationships by contextualizing and promoting the well-being of care-givers and care-receivers in a network of social relations.

Meditations on First Philosophy in which the existence of God and the immortality of the soul are demonstrated (Latin: Meditationes de Prima Philosophia, in qua Dei existentia et animæ immortalitas demonstratur) is a philosophical treatise by René Descartes first published in Latin in 1641. The French translation (by the Duke of Luynes with Descartes' supervision) was published in 1647 as ...

Meditations on First Philosophy - Wikipedia

Martin Heidegger (1889–1976) was a German philosopher whose work is perhaps most readily associated with phenomenology and existentialism, although his thinking should be identified as part of such philosophical movements only with extreme care and qualification.

Martin Heidegger (Stanford Encyclopedia of Philosophy)

RENE DESCARTES MEDITATIONS ON FIRST PHILOSOPHY who have it not are culpable in their ignorance. This indeed appears from the Wisdom of Solomon, chapter xiii., where it is said "How be it they are not to be excused; for if their understanding was so great that

Meditations On First Philosophy

The philosophy of healthcare is the study of the ethics, processes, and people which constitute the maintenance of health for human beings.(Although veterinary concerns are worthy to note, the body of thought regarding their methodologies and practices is not addressed in this article.) For the most part, however, the philosophy of healthcare is best approached as an indelible component of ...
