Religion in Development Rewriting The Secular Script

Religion in development is the study of the beliefs, practices, and organizational forms of religion using the tools and methods of the discipline of sociology. This objective investigation may include the use of both quantitative methods (surveys, polls, demographic and census analysis) and qualitative approaches such as participant observation, interviewing, and analysis of archival, historical...

Russia - Religion: Although ethnic differences in Russia have long contained a religious element, the position of religious organizations and of their individual adherents has varied with political circumstances. In the 10th century Prince Vladimir I, who was converted by missionaries from Byzantium, adopted Christianity as the official religion for Russia, and for nearly 1,000 years...

Throughout Frankenstein by Mary Shelley, knowledge of the existence of a creator has a crippling effect on the creature as he struggles to reconcile his own perception of himself with his maddening desire for divine approval and acceptance. It is impossible to ignore the author’s place within her text as Shelley, an avowed atheist, makes a comparison of human development through the contrary ...

Gnosticism is an ancient religion stemming from the first century (approximately), and is an alternative messiah-religion that shares many features with Christianity. There were a huge number of Gnostic groups 18, 19, sharing a common set of core beliefs. An inferior angelic being created the Earth, and this being is a hindrance to spiritual development.
