Give your household the best chance of surviving a wildfire by being ready to go and evacuating early. This includes going through pre-evacuation preparation steps (only if time allows) to increase your home's defenses, as well as creating a Wildfire Action Plan for your family. Being ready to go also means knowing when to evacuate and what to do if you become trapped.

Take your high bust measurement of 42" and add 4" for a hypothetical bust measurement of 46". Find the 46" bust measurement on the above size chart and see that it corresponds to a size 20, which is the size that I'd suggest starting with for these measurements. You'll likely still need an FBA, but it will be a smaller FBA than if you were to start with a B cup pattern.
