E pur si muove -- And yet it moves. Galileo Galilei, sotto voce after his trial and coerced confession. One thing that happened during the Renaissance that was of great importance for the later character of modern philosophy was the birth of modern science. This may not have been a coincidence. It is noteworthy that the confidence of Johannes Kepler in the mathematical nature of the universe ...

### **Beginning of Modern Science & Modern Philosophy**

Early life and career. Galileo was born in Pisa, Tuscany, on February 15, 1564, the oldest son of Vincenzo Galilei, a musician who made important contributions to the theory and practice of music and who may have performed some experiments with Galileo in 1588-89 on the relationship between pitch and the tension of strings. The family moved to Florence in the early 1570s, where the Galilei ...
