

The Todo List English Edition

The Todo List English Edition

Background. Lists such as these should be used with caution, for the following reasons: First, it is difficult to define exactly what constitutes a language as opposed to a dialect. For example, some languages, including Chinese and Arabic, cover several mutually unintelligible varieties and are sometimes considered single languages and sometimes language families.

This page provides lists of best-selling individual books and book series to date and in any language. "Best selling" refers to the estimated number of copies sold of each book, rather than the number of books printed or currently owned. Comics and textbooks are not included in this list. The books are listed according to the highest sales estimate as reported in reliable, independent sources.
